

Marital History

Print this Worksheet and Fill in the Information

As discussed in the Information Sheets of your Matrimonial Action Package, the grounds for divorce and your spouse's misconduct must be stated in your pleadings, whether in a Verified Complaint or Counterclaim, with particularly including the date, time, and place of each act complained of. In an effort to prepare for trial, if necessary, I also request that you list witnesses who have personal knowledge of your spouse's misconduct during any incident.

I request that you follow the format below when informing us of your grounds for divorce. Please provide a factual, detailed and unbiased account of each incident and please continue your "Marital History" on additional sheets of paper of your own following such format. If you cannot remember exact dates or times, please complete the Marital History with as much detail as possible. For example, if you cannot remember "September 2, 1989 -7:30 P.M.", write "early September, 1989 week night-evening". Again, provide as much detail as possible.
